PRODUCTS CATALOG

angelus®

CE = CE marked product

This catalog contains all products manufactured and distributed by ANGELUS INDÚSTRIA DE PRODUTOS ODONTOLÓGICOS LTDA.
It is important to confirm the availability of the products in your country.

About Us

Angelus was founded in 1994 in Londrina, Brazil. Since then, innovation has been the key aspect to develop products and build businesses. The company has continuously invested in Research and Development, maintaining a close relationship with Universities and National and International Research Centers in different areas of knowledge.

Angelus has been present in more than 80 countries, in America, Europe, Africa, Asia and Oceania. Our Quality Management System is ISO 13485:2016 and MDSAP certified, which demonstrates our ongoing commitment to maintaining the highest quality assurance standards in the industry. With worldwide regulatory clearances, including US FDA, Health Canada, PMDA (Japan), COFEPRIS (Mexico) and Roszdravnadzor (Russia), Angelus has generated healthy smiles all around the world.

Back in 2001 Angelus launched the MTA ANGELUS, becoming the world's second company to place a bioceramic material on the market. Furthermore, it was the first company to launch a paste/paste bioceramic root canal sealer in 2010 (MTA-Fillapex).

From then on, the company has created a specific research line in order to increase the bioceramic products portfolio. Currently, new products have been launched and several projects are still under development for different areas of dentistry.

Bio-C® Sealer

Premixed bioceramic root canal sealer

ENDODONTICS

More than biocompatible!

Premixed
Resin-free
Antibacterial

Images: courtesy of Dr. Warley Tavares

Features and Benefits

- Premixed: No mixing required, apply directly to canal
- Resin-free: Easy to clean
- High release of calcium ions: Stimulates tissue regeneration
- High alkalinity (pH ~12): Bactericidal action
- Adequate flowability: Excellent flow

Scan to watch
Bio-C® Sealer in action

PRESENTATIONS
BIO-C SEALER - 3822 - Packing with 1 syringe of 0,5g with 5 intracanal tips; 3823 - Packing with 4 syringes of 0,5g each with 20 intracanal tips.

ENDODONTICS

Bio-C® Repair

Premixed bioceramic repair material

More than biocompatible!

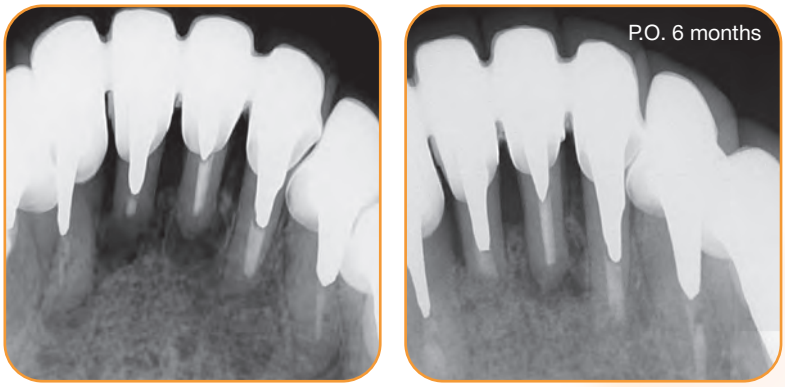

Premixed (putty)

High release of calcium ions

Bactericidal

Monodose presentation

The ideal dose for clinical practice

Images: courtesy of Dr. Vicente Rocha

Features and Benefits

- Premixed/putty: Easy to use and insert into cavity
- High release of calcium ions: Stimulates tissue regeneration
- High alkalinity (pH ~12): Bactericidal action
- Setting expansion and chemical adhesion to dentin: Prevent bacterial infiltration
- Radiopacifier Zirconium Oxide: High radiopacity and does not stain

PRESENTATIONS

3861 - Packing with 1 syringe of 0,5g; 3863 - Packing with 4 syringes of 0,5g. MONODOSE - 3881 - Packing with 10 capsules with 0.15g each; 3884 - Packing with 5 capsules with 0.15g each.

CE

Bio-C® Temp

Bioceramic paste for intracanal dressing

ENDODONTICS

Higher performance in fewer sessions

Premixed

Biocompatible/High alkalinity

High radiopacity/Easy removal

Images courtesy of Prof. Maria Antonieta V. C. de Oliveira

Features and Benefits

- Gradual release of Ca^{2+}: Periodic exchange is not required
- Biocompatible: Absence of symptomatology
- High alkalinity (pH ~12): Unsuitable environment for bacterial growth
- Easy to remove: Clinical time optimization
- High radiopacity: Excellent radiographic visualization

Scan to watch Bio-C® Temp in action

PRESENTATIONS

2832 - Packing with 1 syringe of 0,5g with 5 applicator tips; 2833 - Packing with 4 syringes of 0,5g with 20 applicator tips

CE

MTA-Fillapex

Bioceramic root canal sealer

As biological as the pulp tissue

- Fast tissue recovery without causing inflammatory reactions
- Great radiographic visualization
- Allows filling of accessory canals

Images courtesy of Prof. Anderson Paulo

PRESENTATIONS
826 - Tubes (30g) packing with 1 tube of base paste (18g), 1 tube of catalyst paste (12g) and 1 mixing block;
827 - Syringe (4g), packing with 1 syringe (4g), 15 self-mixing tips and 1 mixing block;
8270 - Syringe (4g), packing with 1 syringe (4g), 15 intracanal self-mixing tips and 1 mixing block;
8288 - Tubes (12g) - packing with 1 tube of base paste (7,2g), 1 tube of catalyst paste (4,8g) and 1 mixing block; 158 - Pack with 10 automixing tips.

MTA Repair HP

Bioceramic reparative cement with high plasticity

The same efficiency with better plasticity

- High plasticity
- Bismuth-free
- Release of Ca ions

PRESENTATIONS
843 - Packing with 2 powder capsules with 0,085 grams each and 2 liquid bottles;
846 - Packing with 5 powder capsules with 0,085 grams each and 5 liquid bottles;
8469 - Packing with 10 powder capsules with 0,085 grams each and 10 liquid bottles.

MTA Angelus®

Reparative cement

A super treatment for accidents and endodontic complications

- Aids in rapid bone recovery and cement formation
- Biological sealing
- Allows use in a humid environment without loss of properties

PRESENTATIONS
820- Gray MTA (1g) - packing with 1 bottle of Gray MTA (1g), distilled water (3ml) and 1 powder dispenser; 822- White MTA (1g) - packing with 1 bottle of White MTA(1g), distilled water (3ml) and 1 powder dispenser;
821- Gray MTA (2g) - packing with 2 bottles of Gray MTA (1g), distilled water (3ml) and 1 powder dispenser; 824- White MTA (2 doses) - packing with 2 sachets with White MTA (0,14g each) and distilled water (3ml).
1822- White MTA (5g) - packing with 5 bottle of White MTA(1g), distilled water (3ml) and 1 powder dispenser;

MTA Applicator

Instrument to apply MTA

Design and lightness

- Use in clinic endodontics procedures (intracanal) and surgical
- Warranty of biosecurity
- Ease of handling

PRESENTATIONS
155 - Medium (Ø 1.2 mm) – packing with 1 unit; 156 - Small (Ø 0.6 mm)- packing with 1 unit.

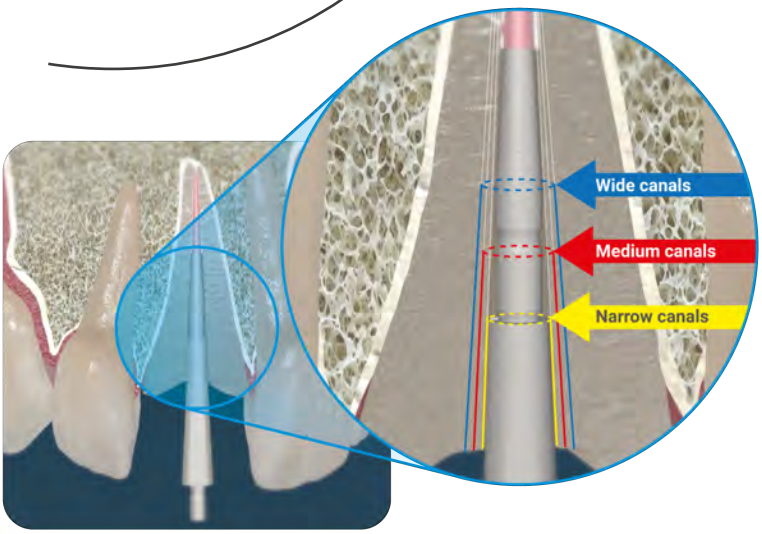

Splendor Universal

ENDODONTICS

A smart post for any situation

Universal
Self-adjusting
Anatomical

Features and Benefits

- Universal: Simplified technique and stock reduction
- Self-adjusting: Does not require drills
- Anatomical: Excellent adaptation to the cervical area
- Modulus of elasticity close to that of dentin: Low risk of root fracture

CE

Scan to watch Splendor in action

PRESENTATIONS
6254* - Kit - packing with 5 post + 5 gloves + 1 drill; 6258 - Refill - packing with 5 post + 5 gloves; 6255 - Refill - Packing with 1 post + 1 glove; 6253* - Packing with 1 Splendor drill.

*Presentations not included on CE.

Exacto

Glass fiber conical post

Fiber +!

- Double taper
- Optimal ratio between fiber and resin
- Translucent

PRESENTATIONS
9077 - Exacto 2+2+2 - 2 Exacto posts Tr Nº 0,5 + 2 Exacto Posts Tr Nº 1 + 2 Exacto Posts Tr Nº 2
9087* - Trial Kit nº0.5 - Pack with 5 posts and 1 drill nº 0.5; 9117* - Trial Kit nº1 - Pack of 5 posts and 1 drill nº 1; 9127* - Trial Kit nº 2 - Pack with 5 posts and 1 drill nº 2; 9137* - Trial Kit nº3 - Pack with 5 posts and 1 drill nº 3;
9147* - Kit - Pack of 15 posts (5 nº 1, 5 nº 2 and 5 nº 3) and 3 drills (1 nº 1, 1 nº 2 and 1 nº 3);
9097 - Refill nº0.5 - Pack with 5 posts; 9157 - Refill Nº1 - Pack with 5 posts; 9167 - Refill Nº2 - Pack with 5 posts; 9177 - Refill Nº3 - Pack with 5 posts.

*Presentations not included on CE.

Reforpost® Glass Fiber

Parallel glass fiber post

Fiber +!

- Parallel shape with grooves
- For use with Peeso (Largo) drills
- Optimal ratio between fiber and resin

PRESENTATIONS
720* - Glass - Kit - Packing with 30 posts (10 nº 1, 10 nº 2 and 10 nº 3), 3 Largo drills (1 nº 3, 1 nº 4 and 1 nº 5) and 1 template;
721 - Glass - Refill No. 1 - Pack with 5 posts; 722 - Glass - Refill No. 2 - Pack with 5 posts; 723 - Glass - Refill nº 3 - Pack with 5 posts;
724* - Glass - Mini kit - Pack of 15 posts (5 nº 1, 5 nº 2 and 5 nº 3) + 5 Reforpin posts + 1 template;
726 - Glass - Refill No. 1 - Pack with 10 posts; 727 - Glass - Refill No. 2 - Pack with 10 posts; 728 - Glass - Refill No. 3 - Pack with 10 posts.

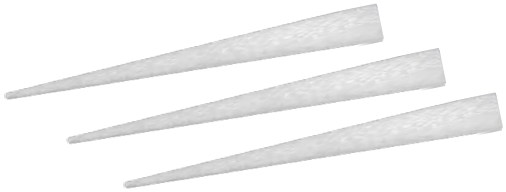

*Presentations not included on CE.

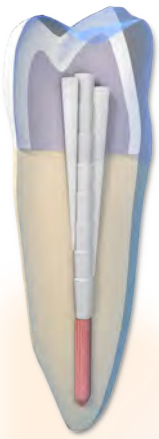

Reforpin®

Glass fiber accessory post

The only solution on the market for fragile roots

- Provides mechanical engagement from post to conduit
- Versatility for use in narrow and wide channels
- High strength, aesthetic resolution and light transmission

PRESENTATIONS
796 - Universal size - Pack of 5 units; 797 - Universal size - Pack of 10 units.

Reforpost® Metallic

Stainless steel intraradicular posts

Standardized for Peeso drills

- Direct use (prefabricated)
- Standardized according to Largo burs (Largo 2)
- Versatility of sizes (4 sizes)

PRESENTATIONS
751 - Refill I nº 1 - Pack with 5 posts; 752 - Refill I nº 2 - Pack with 5 posts; 753 - Refill I nº 3 - Pack with 5 posts;
754 - Refill I nº 4 - Pack with 5 posts; 759 - Positioning Key Refill - Pack of 1 unit.

Peeso drill

Peeso drill for intraradicular procedures

Resistance and longevity

PRESENTATIONS
162 - nº 1 - Pack of 1 unit; 164 - nº 2 - Pack with 1 unit;
166 - nº 3 - Pack with 1 unit; 168 - nº 4 - Pack of 1 unit;
170 - nº 5 - Pack of 1 unit; 172 - nº 6 - Pack with 1 unit.

Gates drill

Endodontic access drills

Guaranteed access

PRESENTATIONS
1962 - nº 1 - 32 mm - Pack of 1 unit; 1964 - nº 2 - 32 mm - Pack of 1 unit; 1966 - nº 3 - 32 mm - Pack of 1 unit
1968 - nº 4 - 32 mm - Pack of 1 unit; 1970 - nº 5 - 32 mm - Pack of 1 unit; 1972 - nº 6 - 32 mm - Pack of 1 unit

Östby's Arch

Frame for absolute isolation

Autoclavable

PRESENTATION
350 - Pack of 1 unit.

Endo Dam

Light-cured resin for sealing
of the absolute isolation

Absolute sealing

CE

PRESENTATION
1215 - Pack of 2 g and 3 tips.

Endodontic Ruler

Endodontic ruler (gauge in milimeters)

Sterilizable in an oven or autoclave

CE

PRESENTATION
850 - Pack of 1 unit.

Intermedium

Callibrating ruler
for Gutta-percha cones

Accuracy guarantee

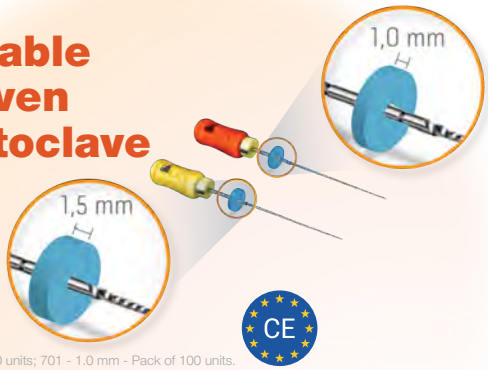

CE

PRESENTATION
854 - Pack of 1 unit.

Silicone Stop

Cursor (stop) in silicone

Sterilizable in an oven and autoclave

CE

PRESENTATIONS
700 - 1.5 mm - Pack of 100 units; 701 - 1.0 mm - Pack of 100 units.

Endometric

Support for endodontic files

Organization and security for endodontic files

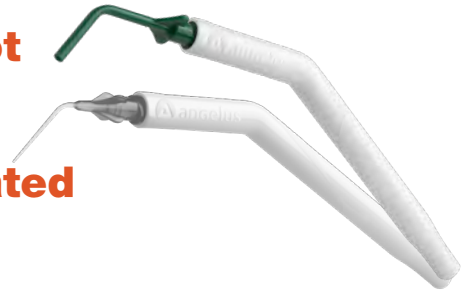

CE

PRESENTATIONS
800 - Endometric - Gray - 1 tambourine and 30 supports; 802 - Endometric (Refill) - 50 supports.
8001 - Endometric - Lilac - 1 tambourine.

Autoclavable Endodontic Aspirator Kit

Endodontic Aspirator

Does not oxidize with chlorinated soda

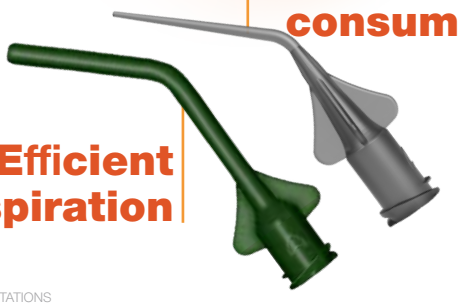

PRESENTATION
5738 - Pack of 10 endodontic suction tubes; 10 Endo Tips 0.06 and 10 Endo Tips 0.014

Endo Tips

Aspirating tips

Reduction of paper cone consumption

Efficient aspiration

PRESENTATIONS
811 - Endo Tips 0,014 – 20 unidades; 816 - Endo Tips 0,06 – 20 unidades.

Speed Gun

Application system for dental materials

Agility with efficiency!

Tip with needle | High-flow tip | Low-flow tip

PRESENTATIONS
8180 - Package containing KIT: 1 pistole + 30 applicator tips (10 high-flow, 10 low-flow and 10 with needle);
8181* - Package containing 1 pistole; 8185* - Package containing 10 high-flow Speed Tips (Refill);
8188* - Package containing 10 low-flow Speed Tips (Refill); 8191* - Package containing 10 Speed Tips - with needle (Refill).

*Presentations not included on CE.

Precision Airpex

Apex locator

Precision that fits in the palm of your hand

Real size product

- Accuracy in obtaining measurements
- Smallest market size
- Ease of use and handling

PRESENTATION
EQ100 - Pack with 01 complete apex locator.

Nexis i-Triple

NiTi (nickel-titanium) rotary files, BM-Wire heat treatment, used in endodontic motors to clean and shape root canals

Simple, Safe, Save

- Better adaptation to the anatomy of the canal and minimizes the risk of ledges, deviations, and perforations
- Reduce the chances of device breakage.
- Through its reduced taper and curved tip, the device provides greater dentin preservation and reduces the chance of ledge formation and deviations

PRESENTATIONS
Starter Kit - Package with 4 units
2664 - 17mm 20/07, 21mm 15/04, 21mm 25/04 and 21mm 30/04;
2665 - 17mm 20/07, 25mm 15/04, 25mm 25/04 and 25mm 30/04;
2666 - 17mm 20/07, 31mm 15/04, 31mm 25/04 and 31mm 30/04.
i-Find - Refill - Package with 4 units
2673 - 17mm 20/07
i-Follow - Refill - Package with 4 units
2674 - 21mm 13/02; 2675 - 25mm 13/02; 2676 - 31mm 13/02; 2677 - 21mm 15/04; 2678 - 25mm 15/04; 2679 - 31mm 15/04; 2680 - 21mm 17/04; 2681 - 25mm 17/04; 2682 - 31mm 17/04.
i-Finish - Refill - Package with 4 units
2683 - 21mm 20/04; 2685 - 25mm 20/04; 2690 - 21mm 25/06; 2691 - 25mm 25/04; 2692 - 25mm 25/06; 2697 - 25mm 30/04; 2698 - 25mm 30/06; 2703 - 25mm 35/04; 2704 - 25mm 35/06; 2709 - 25mm 40/04; 2714 - 25mm 45/04.

Nexis a-Taper

Mechanized rotary files made of nickel-titanium (NiTi) alloy,
Blue heat treatment (provides enhanced resistance and flexibility)

- Contributes to better anatomical adaptation
- Promotes safe maintenance of the canal shape
- Provides consistent performance at different stages of preparation

PRESENTATIONS
Kit - Package with 6 units
2745 - 19mm 19/04, 21mm 18/02, 21mm 20/04, 21mm 20/07, 21mm 25/08 and 21mm 30/09;
2746 - 19mm 19/04, 25mm 18/02, 25mm 20/04, 25mm 20/07, 25mm 25/08 and 25mm 30/09;
2747 - 19mm 19/04, 31mm 18/02, 31mm 20/04, 31mm 20/07, 31mm 25/08 and 31mm 30/09.
Refill - Package with 6 units
2723 - 19mm 19/04; 2724 - 21mm 18/02; 2725 - 21mm 20/04; 2726 - 21mm 20/07; 2727 - 21mm 25/08; 2728 - 21mm 30/09; 2729 - 21mm 40/06; 2730 - 21mm 50/05;
2731 - 25mm 18/02; 2732 - 25mm 20/04; 2733 - 25mm 20/07; 2734 - 25mm 25/08; 2735 - 25mm 30/09; 2736 - 25mm 40/06; 2737 - 25mm 50/05;
2738 - 31mm 18/02; 2739 - 31mm 20/04; 2740 - 31mm 20/07; 2741 - 31mm 25/08; 2742 - 31mm 30/09; 2743 - 31mm 40/06; 2744 - 31mm 50/05.

Nexis r-Move

Mechanized reciprocating files made of nickel-titanium (NiTi) alloy

- Gold technology - Provides greater flexibility to the instrument and allows it to be used in different canal anatomies
- Enhanced cutting efficiency
- Allows for greater control during instrumentation

PRESENTATIONS
Kit - Package with 4 units
2767 - 21mm - 20/07, 25/07, 35/06 and 45/05;
2768 - 25mm - 20/07, 25/07, 35/06 and 45/05;
2769 - 31mm - 20/07, 25/07, 35/06 and 45/05.
Refill - Package with 4 units
2755 - 21mm 20/07; 2756 - 21mm 25/07; 2757 - 21mm 35/06; 2758 - 21mm 45/05;
2759 - 25mm 20/07; 2760 - 25mm 25/07; 2761 - 25mm 35/06; 2762 - 25mm 45/05;
2763 - 31mm 20/07; 2764 - 31mm 25/07; 2765 - 31mm 35/06; 2766 - 31mm 45/05.

RESTORATIVE

Interlig®

Braided glass fiber impregnated with light-cured composite resin

Cut, use, reinforce!

Pre-impregnated (ready to use)

Malleable fiber

Easy to cut

Periodontal retention with Interlig

Features and Benefits

- Pre-impregnated (ready to use): saves time and material
- Malleable fiber: easy to adapt
- Easy to cut: special scissors are not required
- Fiberglass: high flexural strength
- Packed in sachets: easy handling; protects fibers from light and heat

PRESENTATION
483 - Pack of 3 strips (8.5 cm each).

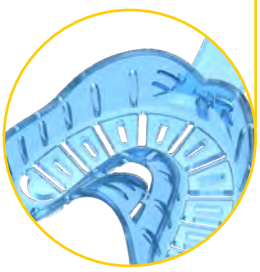

CE

Scan and watch Interlig® in action

Autoclavable Tray

Polymer tray

With device No Nausea

Partial trays

- Does not cause nausea on the patient
- Easier cut for individualization of trays in case of implants
- High retentivity of impression materials

The color products may change according to batch production.

PRESENTATIONS
210 - Pack of 8 trays - 3 upper (S1, S2, S3), 3 lower (I1, I2, I3) in assorted colors (blue, yellow, orange) and 2 partial trays (anterior and posterior) in blue;
218 - Pack with 2 partial trays (anterior and posterior); 220 - Pack with 2 trays (S1, I1); 221 - Pack with 2 trays (S2, I2); 222 - Pack with 2 trays (S3, I3).

3D Moldex

Disposable adjustable tray for double-arch impression (partial or total)

Adjustable for full arch

PRESENTATION
254 - Pack of 12 units (half arch).

Moldex

Disposable partial tray for double impression and bite registration

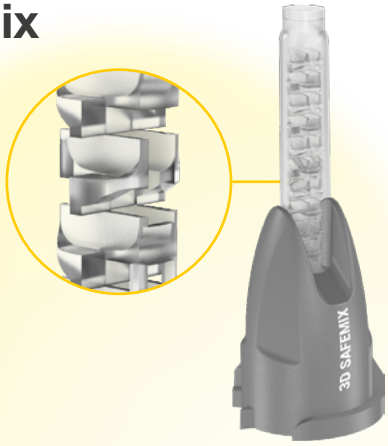

Simultaneous records (upper and lower)

PRESENTATIONS
250 - Assorted - Pack of 12 units: 4 front and 8 later (4G and 4P);
251 - Anterior - Pack of 12 units (6G and 6P); 252 - Posterior - Pack of 12 units (6G and 6P).

3D Safemix

Mixing tips

25% material savings

PRESENTATION
187 - Pack of 12 units.

3D Intraoral Tips

Tips for application of silicone directly on the dental surface

The impression in the smallest details

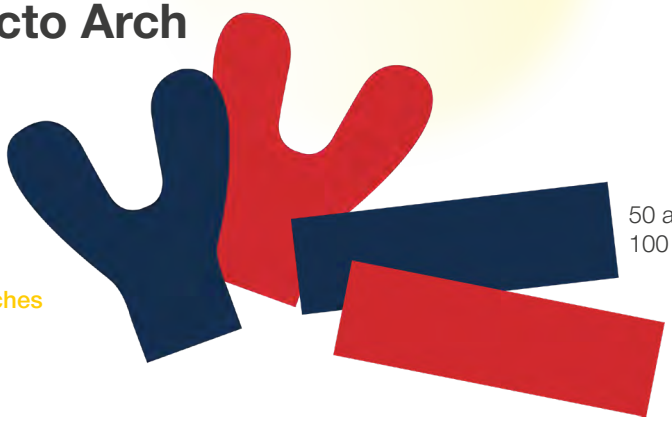

PRESENTATION
197 - Pack with 12 tips

Contacto Paper and Contacto Arch

Articulating paper

Better fit, higher accuracy. Demand the leader!

- Allows simultaneous recording of upper and lower arches
- Allows double checking of occlusion
- Resistant to traction and humidity

50 and 100 µm

PRESENTATIONS
552 - Arcade - Pack of 12 units; 560 - Paper - Pack of 12 units; 592 - Paper (50µm) - Pack of 12 units.

Contacto Film

Articulating carbon film

Single with 19 µm. Ultra Fine.

- Precise registration
- High tensile strength
- To be used in moist conditions

PRESENTATIONS
553 - Pack of 12 units; 555 - Pack of 140 units; 556 - Pack of 280 units.

Nucleojet®

Prefabricated structure for impression

Making posts in 15 minutes

PRESENTATIONS
100 - Assorted - Pack of 17 units: 10 posts + Anterior core (2P, 4M and 4G), 7 premolars (2P, 2M and 3G) and 2 extra posts;
101 – Anterior - Pack with 17 posts + Anterior core (5P, 8M and 4G);
102 - Premolar - Pack with 17 posts + Posterior core (5P, 8M and 4G) and 3 extra posts;
103 - Posts - Pack of 30 posts (without core).

Pinjet®

Polycarbonate pins for the fabrication of metal posts

Tradition that translates confidence

PRESENTATION
500 - Pack of 50 units.

Metalpin

Metal posts for retention of temporary crowns

New shape: more retentive

PRESENTATION
400 - Pack of 30 units (10S, 10M, 10L).

Phosphoric acid

37% Phosphoric Acid

Total conditioning

PRESENTATION
6050 - Pack of 3 syringes (3 g each).

Porcelain Etchant

10% hydrofluoric acid

Improved security in ceramic adhesions

PRESENTATION
952 - Pack of 1 syringe (2.5 g).

Opak

Light-cured opaquer resin

Easy application

PRESENTATIONS
493 - B 0.5 - Pack with 1 syringe (1.5 g); 494 - A 3 - Pack with 1 syringe (1.5 g).

Silano

Adhesion promoter
for ceramics and glass fibers

Preactivated (ready-to-use)

PRESENTATION
479 - Pack of 1 bottle (5 ml).

MZ Primer

Primer for metal,
zirconium and alumina

Safety in the adhesion of metal parts, Zirconia and Alumina

PRESENTATION
964 - Pack of 1 bottle (5 ml).

Multi-use tips

Aspirating tips

Facilitating your practice!

PRESENTATION
817 - Pack with 20 units (0,019").

Aplik

Micro applicators
for dental use

Versatility for liquid and gel application

PRESENTATIONS
120 - Regular (green) - Pack of 100 units;
122 - Thin (blue) - Pack of 100 units;
124 - Extra Fine (white) - Pack of 100 units.

Porcelain Repair Kit

Kit with products for the repair of porcelain with resin

Quick and perfect repairs

- Esthetic repairs in porcelain fused to metal restorations

PRESENTATION
496 - 1 Porcelain Conditioner (2.5 g), 1 Silano (5 ml), 1 Opak B 0.5 (1.5 g), 1 Opak A3 (1.5 g)

CLAREAMENTO

Angelus Home

Carbamide Peroxide

10, 16 and 22%

Greater stability and better result

Features and Benefits

- Absence/less number of bubbles: Gel stability
- Desensitizing formula: Greater patient comfort
- Adequate viscosity: Controlled application
- pH close to neutral: Does not demineralize the tooth surface

10% AND 16% AVAILABLE IN EUROPE

PRESENTATIONS

1110 - ANGELUS HOME 10% - Pack containing 1 syringe of 3 g; 1111 - ANGELUS HOME 16% - Pack containing 1 syringe of 3 g; 1112 - ANGELUS HOME 22% - Pack containing 1 syringe of 3 g.

Dental Album

Dental album (box to store primary teeth) with case

Telling the real life story

- With space for photos and for entering data of each tooth loss
- Ease of identifying which teeth are still missing
- Different and playful format

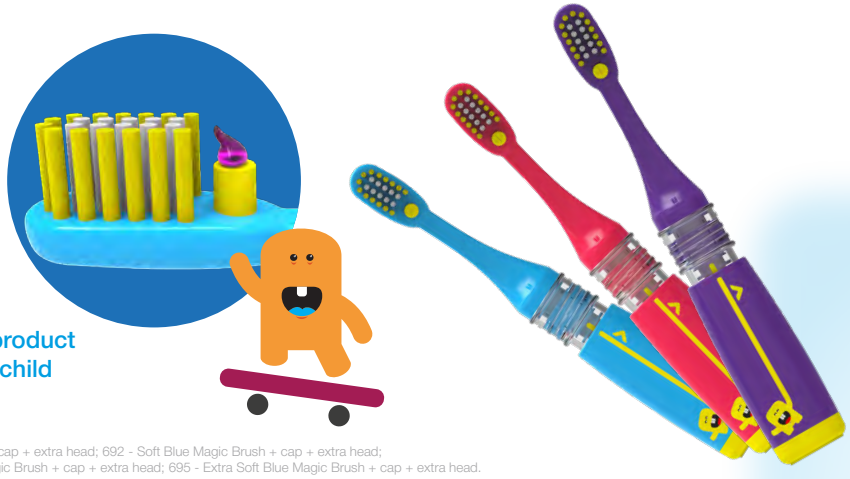

Also in standard version

PRESENTATIONS
PREMIUM - 971 - Pink - 01 unit; 972 - Blue - 01 unit.
STANDARD - 973 - Kit - Pack of 12 units (3 of each color - green, blue, pink, orange);
974 - Green - Pack of 01 unit; 975 - Pink - Pack of 01 unit; 976 - Orange - Pack of 01 unit; 977 - Blue - Pack of 01 unit.

Magic Brush

Children's toothbrush suitable for dosing the correct amount of gel for children

- Prevents excessive fluoride intake
- Toothbrush and toothpaste in the same product
- Comfortable and encourages use by the child

PRESENTATIONS
690 - Soft Pink Magic Brush + cap + extra head; 691 - Soft Purple Magic Brush + cap + extra head; 692 - Soft Blue Magic Brush + cap + extra head;
693 - Extra Soft Pink Magic Brush + cap + extra head; 694 - Extra Soft Purple Magic Brush + cap + extra head; 695 - Extra Soft Blue Magic Brush + cap + extra head.

Syringe Sleeve - Alligator

Syringe coating

Want a smile at anesthesia time? Adopt a little alligator.

- Facilitates the dentist's work during anesthesia application
- It may be given to the patient as a gracious gift
- Guarantee of Biosafety

PRESENTATION
141 - Pack with 1 pink glove, 2 green gloves and 3 stickers.

Dental Baby

Baby teether with bristles

Bite and play? Just begin!

PRESENTATIONS
5530 - Package with 1 teether in purple color;
5531 - Package with 1 teether in pink color;
5532 - Package with 1 teether in green color.

Disclosing Agent

Evidenciador de placa bacteriana

Snitch!

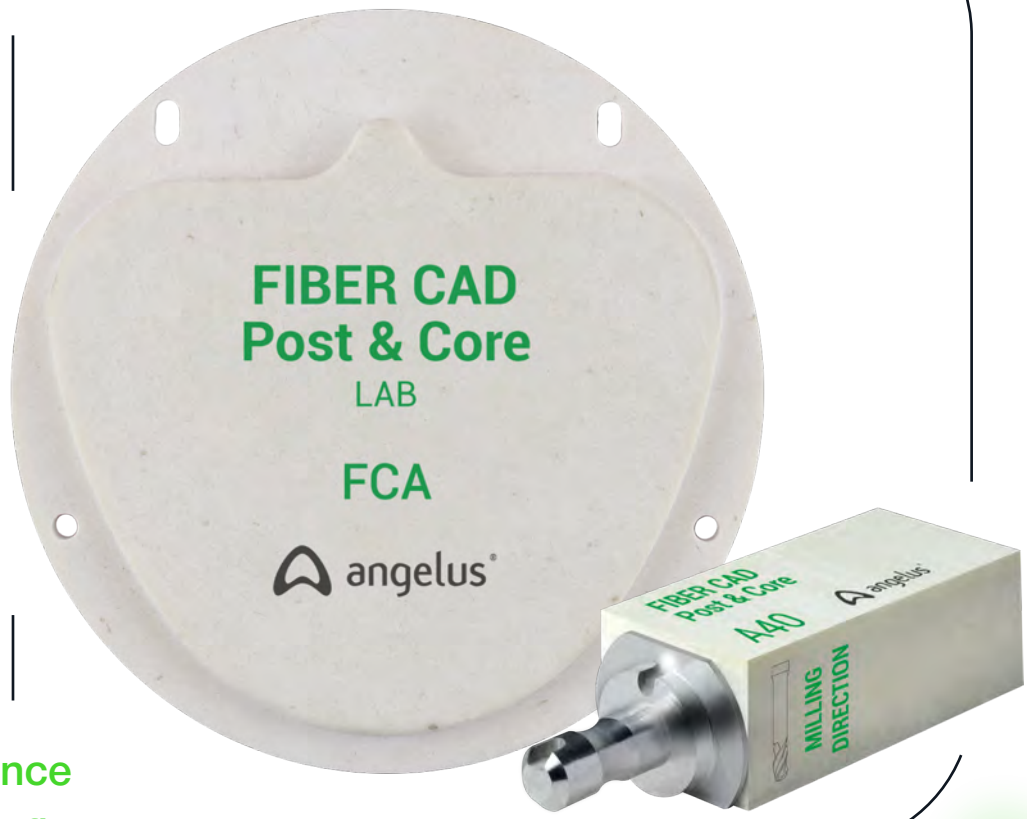

PRESENTATION
881 - Pack with 01 bottle with 10 ml.

LABORATORIAL

Fiber Cad - Post & Core

Glass fiber and epoxy resin composite

The perfect solution for cores in prosthesis

Convenience

Cost/Benefit

Innovation for the lab

Features and Benefits

- Convenience: Preparation by CAD-CAM, procedure faster and easier than casting process
- Cost/Benefit: Convenience reduces the time, resulting in lower costs
- Innovation for the lab: A differentiated and innovative solution in the service portfolio
- Fibroresinous material: Aesthetic treatment
- Modulus of elasticity similar to that of dentin: Reduced risk of root fractures

Scan and watch FIBER CAD in action

Block

Disc

PRESENTATIONS

3800 - FCW - Pack with 01 unit (disk); 3801 - FCA - Pack with 01 unit (disk); 3802 - FCZ - Pack of 01 unit (disk); 3804 - Chairside 40x19x15mm - Pack of 03 units.

LABORATORIAL

Fiber Cad - Implant & Bridge

Multidirectional fiberglass fabric and epoxy resin composite for use in CAD/CAM systems

The new era of metal-free prosthetics!

- No need for casting or sintering
- Lightwieht and high strength
- Geater impact absorption

Scan and watch Fiber Cad Implant & Bridge in action

PRESENTATIONS
3722 - FCW - 98.5 x 20 mm - 01 unit (disc); 3728 - FCA - 98.5 x 20 mm - 01 unit (disco);.

Pink Opak

Light cured masking resin

Optimal masking of metal parts

PRESENTATIONS
